/ OVERVIEW SERVICECOSTS
/ for INSTALLERS in Australia for repairs within/out of Warranty

01.01.2026 - 31.03.2026

/ OVERVIEW SERVICE COSTS

GENERAL

An exchange or a repair of inverters or a component has either to be arranged with the Fronius Tech Support or has to be ordered via the Fronius Solar Online Support (SOS).

The board replacement is only possible for Fronius system partners!

If an inverter, a power stack or component is being returned to Fronius and then being defined as technically faultless, the customer will be charged with the lump sum of inspection as well as the freight charges [also within the Fronius warranty and Fronius warranty plus].

Please refer to the documents of delivery for finding out if a return of various other components is necessary.

The Fronius Warranty PLUS covers the costs within the warranty period for material, repair time and transportation. The Fronius warranty is a pure material warranty. Within the warranty period only the freight costs will be charged in the form of lump sums.

For further information please also check the procedure for service cases as well as our terms and conditions <https://www.fronius.com>.

Please find our warranty conditions at www.fronius.com/solar/warranty.

Within FRONIUS WARRANTY PLUS the following applies for all inverters (Galvo, Symo, Primo, Eco, Symo Hybrid, Primo GEN24, Symo GEN24, Symo Advanced, Symo GEN24 SC, Verto, Tauro, Argeno, Agilo, Solar Battery, Reserva).

41,200,001	<p>Service fee SE Device replacement service lump sum for exchange of inverter/power stack, Datcom product, monitoring equipment and Smart Meter. In case of exchange within the very same pv-system the following amount applies for the second device: AUD 100.00/ and for any further device: 50,00</p>	-200,00
41,200,002	<p>Service fee SE Component replacement In case of exchange within the very same pv-system the following amount applies for the first component in an additional device within the same pvsystem AUD 100,-/ for the second and any further components in any device within the same pv-system: AUD 50,- For Fronius Solar Battery the max. amount per device or serial number is AUD 500.00,- For Fronius Agilo, Fronius CL, Tauro and Fronius IG300-500 the max. amount per device or serial number is AUD 750,00</p>	-300,00
41,200,003	<p>Service fee SE Updates service lump sum for the update of a Fronius product, which has been ordered by the Fronius Tech Support. The following applies for any further product within the very same pv-system: EUR Exception: updates (obligatory) executed on behalf of an exchange of board / component / battery. Please take a closer look at our warranty conditions on our homepage. Except for updates which have to be carried out in the course of a board-/component-/battery replacement incl. GEN24 products. 20,00 Except for updates which have to be carried out in the course of a board-/component-/battery replacement incl. GEN24 products. Please take a closer look at our warranty conditions on our homepage.</p>	-100,00
41,200,004	<p>Service fee SE GEN24 Comp. replacement (PSS / fans) Service lump sum for exchange of power stack / fan. In case of exchange within the very same pv-system the following amount applies. For the first component in an additional device within the same pv-system: AUD 100,00. For the second and any further component within the same pv-system: AUD 50,00</p>	-300,00
41,200,005	<p>Service fee SE GEN24 (Device/Pilot) Service lump sum for exchange of complete device / pilot In case of exchange within the very same pv-system the following amount applies for the second device: AUD 100,00 and for any further device AUD 50,00</p>	-200,00

Invoicing with non-refund

These lump sums will be charged if a device/component is not returned to Fronius within the required deadline.

41,800,008	Non-returned component SE	190,00
41,800,009	Non-returned device SE	380,00

Within FRONIUS WARRANTY PLUS the following applies for all inverters (Galvo, Symo, Primo, Eco, Symo Hybrid, Primo GEN24, Symo GEN24, Symo Advanced, Symo GEN24 SC, Verto, Tauro, Argento, Agilo, Solar Battery, Reserva).

41,800,013	Inspect of products SE Charge is being charged for an inverter/power stack when no failure can be detected. Please take a closer look at our warranty conditions on our homepage.	180,00
41,800,014	Inspect of component SE is being charged for a board/component/DATCOM when no failure can be detected	130,00

Out of the FRONIUS WARRANTY the following applies for all inverters (IG, IG Plus, IG TL, Galvo, Symo, Primo, Eco, Symo Hybrid, Primo GEN24, Symo GEN24, Symo Advanced, Symo GEN24 SC, Verto, Tauro, Central Inverter, CL, Agilo, Solar Battery):

42,100,000	Repair at Fronius (per hour)	150,00
